Article 1) Implementation

The call for application for the selection procedure for admission to the three-year Doctoral (Ph.D.) Research Course, accredited by the Italian Ministry of Education, Universities and Research (MIUR) with the approval of Italian National Agency for the Evaluation of Universities and Research Institutes (ANVUR) with administrative seat at the University of Salento is now open.

The detailed description of each Course (the PhD course description) is attached to this call for applications (to A from N) and is to be considered a part of it. The curricula for the three-year Ph.D. research Courses to be included in the call for applications are the following:

- Diritti e Sostenibilità (Law and Sustainability, see attachment A);
- Filosofia: Forme e Storia dei saperi filosofici (Philosophy: Forms and History of Philosophical Knowledge, see attachment B);
- Fisica e Nanoscienze (Physics and Nanosciences, see attachment C);
- Human and Social Sciences (see attachment D);
- Ingegneria dei Materiali e delle Strutture e Nanotecnologie (Material, Structure and Nanotechnology engineering, see attachment E);
- Ingegneria dei Sistemi complessi (Engineering of complex systems, see attachment F);
- Lingue, Letterature, Culture e loro applicazioni ((Languages, Literatures and Cultures and their applications, see attachment G)
- Matematica e Informatica (Mathematics and IT, see attachment H);
- Nanotecnologie (Nanotechnology, see attachment I);
- Scienze del Patrimonio Culturale (Sciences for Cultural Heritage, see attachment L);
- Scienze e Tecnologie Biologiche ed Ambientali (Biological and environmental sciences and technologies, see attachment M);
- Digital Transformation and Sustainability. Firms and public Administrations in the global Economy” (see attachment N).

In accordance with the provisions of MIUR decree 226/2021, only doctoral courses will be activated that have obtained from the Ministry, in accordance with ANVUR's opinion, accreditation (or confirmation of accreditation) following the outcome of the procedures that are still in progress.

If one of the established courses does not obtain accreditation, it will be deactivated and therefore the admission exams will not be carried out.

The cards of the PhD courses contain an overall indication of the places and scholarships announced, including:

- scholarships financed with resources from the PNRR, Mission 4, Component 1, assigned by the MUR with the Ministerial Decree n. 118/2023, with which it is intended to support the promotion and strengthening of the training and post-graduate doctoral level specialization which are divided into:

- **Investment 3.4.** *"Didactics and advanced university skills"* which aims to qualify university and doctoral courses through strategic objectives: **digitization, culture of innovation and internationalization**;
- **Investment 4.1.** *"Extension of the number of research doctorates and innovative doctorates for public administration and cultural heritage"* which aims to increase the reserve of human capital engaged in research-oriented activities, in **public administrations** and in **cultural heritage**.
- scholarships financed with resources under the PNRR, Mission 4, Component 2 "From research to business", Investment 3.3., assigned by the MUR with the Ministerial Decree n. 117/2023 and co-financed by companies, with which it is intended to enhance high-profile skills, especially in the areas of Key Enabling Technologies, through the establishment of dedicated doctoral programs, with the contribution and involvement of companies.

Scholarships related to DD.MM. 117 and 118 require the winner Applicants, under penalty of revocation of the same, to carry out the innovative doctoral paths provided for by the aforementioned Ministerial Decree, including the mandatory periods, where provided for by the related Investment, to be carried out abroad as well as in companies, research centers or Public administrations.

The winner Applicants of these specific thematic scholarships are therefore required to comply with all the conditions required by the MUR in the aforementioned DD.MM. 117 and 118 and in the Unilateral Act of obligation that will be signed by the University of Salento and for grants financed under the Ministerial Decree n. 117/2023 (co-financed by companies) require compliance with the rules established in the agreements stipulated with companies.

The University of Salento will proceed with the revocation of the scholarships, even possibly in progress in the event that, for whatever reason, the ministerial funding granted should cease.

Article 2) Admission Requirements

Admission to the competitive selection procedure to one (or more) of the Ph.D. research Courses listed in article 1 is open to all the citizens, without age or citizenship limitations, who enjoy civil and political rights in their state of residence or origin and who, within the expiry date of this public call for applications, as specified in the following paragraph, hold a degree awarded in accordance with Italian Law n. 341/90, a specialist degree obtained in accordance with DM (ministerial decree) n. 509/99 or a master's degree awarded in accordance with DM (ministerial decree) no. 270/04, or a similar and suitable academic qualification obtained abroad.

The detailed notes for each Ph.D. research course (Ph.D. research course descriptions), in attachment to this call for applications (Attachments A-N) contain specific information relative to each course and indication of the specific types of **degree required for admission to the competitive selection procedure**.

Provided that they make an application by the deadline specified in article 3 below, eligible Applicants also include, **those who will be awarded one of the**

aforementioned degrees by the deadline of enrollment in the PhD course, pursuant to the provisions of art. 8, paragraph 1, of the D.M. n. 226/2021.

Once they have got their degrees, Applicants must immediately submit by email all the required information (name of institution which awarded the degree, date of issue, type of degree, final mark) either by means of self-certification or by means of a substitute declaration as specified by DPR (presidential decree) no. 445/00 (in the case of EU Applicants) or a certificate (for Applicants from outside the EU) accompanied by a copy of a valid identity document to the following address protocollo@unisalento.it and in cc master.dottorati@unisalento.it

Applicants who expect to get their degree by the mentioned date will be admitted conditionally to the competitive selection procedure.

Applicants, even if winners of the selection, will forfeit the possibility of enrolling in the Course if they do not achieve the qualification required for access without delay within and no later than the deadline for enrollment in the course.

Detailed information on the individual Ph.D. research courses (Ph.D. research course descriptions) included in the appendix to this public call for applications (attachments A-N).

– specifies the positions on the courses Applicants may compete for, the grants and scholarships available, and, where foreseen, any positions reserved for specific research themes, financed with grants / scholarships funded under certain Courses / projects or under agreements with external bodies which foresee mandatory research on a precise theme which has already been specified in the attached Ph.D. research course descriptions.

Positions on Courses with grants/scholarships subject to a specific research theme, for the purposes of this call for applications, are those positions, specified in the Ph.D. research course descriptions, which, by their particular nature, cannot be assigned purely and simply on the basis of assessment of the Applicant in the general competitive selection procedure but require further specific assessment beyond that of the general assessment.

An Applicant who wishes to apply to more than one course must submit different online applications to participate in each separate competitive selection procedure.

In addition to applying for general positions on Courses, Applicants can participate in the competitive selection procedure for positions on Courses with grants/scholarships subject to maximum 2 specific research themes from among those published for each Ph.D. research course.

This choice must be clearly indicated in the online application by specifying the type of grant /scholarship for the specific chosen research area.

The Applicant who presents an application for a position with a grant/scholarship subject to a specific research theme (i.e. for a position with an apprenticeship contract), expresses his / her preference for the assignment of the specific position (positions) with grant/scholarship (grants/scholarships).

Finanziato
dall'Unione europea
NextGenerationEU

UNIVERSITÀ
DEL SALENTO

The choice made by the Applicant is binding and irrevocable and entails the obligation on the part of the same Applicant, in the event that he / she is the Winning Applicant, to accept the position with a scholarship subject to a specific research theme.

In the event that the candidate is the winner of two specific research - themed scholarships at the same time, they must proceed, no later than 5 days from the date of publication of the decree in the online register, to exercise their choice for one of the two positions.

Applicants who do not apply for positions on a Course with a grant/scholarship subject to a specific research theme take part exclusively in the competitive selection procedure for general research positions (with or without a grant/scholarship).

Candidates wishing to participate in the competition for the assignment of places with a restricted topic scholarship must submit a research project in line with one of the selected thematic scholarships and will then be required to carry out the thematic research in case of assignment of the scholarship and to comply with the provisions of the agreements signed with the external financing bodies, accepting the provisions and obligations possibly provided for in the same agreements.

Aptitude or experience regarding the research theme chosen must be declared when submitting the application for participation in the competitive selection procedure and will be evaluated by the Admissions Board during the interview.

Art. 3 – Application Procedure

Applications for the competitive selection procedure must be made **within and not after 13:00 (Italian time) on 17 July 2023.**

The application shall be made, under penalty of exclusion, exclusively online, by following the appropriate procedure made available at: <https://studenti.unisalento.it>

To access the procedure, you must:

- a) Log on to the said website <https://studenti.unisalento.it> and **select, in the top right corner, in the MENU tab, your chosen language (Italian or English)**
- b) If the Applicant has not already registered, complete the registration process, clicking on “REGISTRAZIONE” in the “AREA RISERVATA”, or access using your credentials;
- c) The applicant who has already registered on Esse3 can directly access the above mentioned website (accessing from "Authentication procedure - LOGIN") and log in with the credentials he/she already have. On the other hand, foreign applicants will be able to access the website <https://studenti.unisalento.it> through "Registration for foreign candidates"/“Registrazione per candidati stranieri” without having to activate the SPID. All other applicants must activate SPID level 2. The

- information needed to activate SPID can be found at <https://www.spid.gov.it/richiedi-spid>;
- d) Go to the portal (authentication - LOGIN) on the banner “Accedi al Portale degli studenti” and click on “REGISTRAR'S OFFICE/ADMISSION TEST/ISCRIZIONE CONCORSI/DOTTORATO DI RICERCA”.
Choose the Doctorate Course on which you intend to apply and, after carefully reading this call for application and its attachments, complete the on-line application form, entering all the required data. The procedure described in this paragraph **is obligatory in order to** be admitted to the competitive selection procedure.
- e) Complete the online application form and attach all required documents in pdf, jpeg or tiff formats.

The online procedure for the submission of the application for participation in the competitive selection procedure **will be available at <https://studenti.unisalento.it> starting from 13:00 (italian time) on 22 June 2023.**

There is no contribution to participate in the competition.

ITALIAN TAX CODE (CODICE FISCALE) FOR FOREIGN APPLICANTS

N.B. For first time users, the system will require mandatory indication of their Italian tax code (codice fiscale).

International students who do not have an Italian tax code will be directed to the following link: www.codicefiscale.com where he or she can obtain one, simply by inserting the name of the country or state in which he or she was born (e.g. someone who was born in Paris should simply put "France").

APPLICATION PROCESS

Applicants are kindly requested to rigorously follow in detail all the following instructions:

- **The files required by the electronic procedure must be attached in pdf, jpg or tiff formats.**

These files must be inserted in the relevant section of the online procedure and must be named in the following manner:

- identity card: CI_Applicant's name (eg. CI_JACKSON)
- curriculum vitae: CV_Applicant's surname (e.g. CV_JACKSON)
- self-certification of exams: ESAMI_Applicant's surname (e.g. ESAMI_JACKSON)
- other qualifications: TITOLO_1_Applicant's surname; TITOLO_2_Applicant's surname; TITOLO_3_Applicant's surname; etc;
- research project: **PROGETTO PHD in Applicant's surname;**
- account MICROSOFT TEAMS for REMOTE interview for those Courses that take place entirely remotely or for candidates who have the requisites

- for the Courses for which the interview is foreseen): account_TEAMS_
Applicant's surname;
- co-tutor (only for the Ph.D. research course in “Filosofia: Forme e Storia dei saperi filosofici” for which one is expressly required): cotutor_Applicant's surname (e.g. COTUTOR_JACKSON);
 - curriculum and lines of research (only for the Ph.D. research course in “Human and Social Sciences”)
 - letter of presentation (for the doctoral course in "Physics and Nanosciences": letter_presentation_Applicant's surname;

It is recommended not to exceed the overall 25 characters in the file name to avoid problems when downloading them from the Esse3 platform.

In the section related to the insertion of TITLES under "TYPOLOGY", the system asks to choose from a drop-down menu among various items (e.g. C.V., CARTA DI IDENTITA'/IDENTITY CARD, Progetto di ricerca/Research Project, Autocert. Esami/Self-certification of exams, Altri titoli/Other qualifications, interview remotely by TEAMS etc.).

For each **TYPOLOGY OF TITLE** entered, the applicant must fill in the **TITLE** section.

The applicant must include the following information in that section:

- for the TITLE related to the “CARTA DI IDENTITA'/IDENTITY CARD” it will be necessary to insert "**CI surname applicant**" (e.g. CI_JACKSON);
- for the TITLE related to the C.V. it will be necessary to insert "**CV surname applicant**" (e.g. ESAMI_JACKSON);
- for the TITLE related to the “Progetto di ricerca/Research Project” it will be necessary to insert "**Research Project surname applicant**" (e.g. Research Project_JACKSON);
- for the TITLE related to the “Autocertificazione Esami/Self Certification Exams” it will be necessary to insert "**Exams surname applicant**";
- for the TITLE related to the “Autocertificazione Esami/Self Certification Exams” it will be necessary to insert "**title 1 surname applicant**", "**title 2 surname applicant**", etc.
- for the TITLE related to the co-tutor (for the courses that provide it) it will be necessary to insert "**co-tutor surname applicant**".

Compliance with the above instructions will allow the Admissions Board to review the uploaded documents swiftly. It will also reduce the risk of dispersion of IT documents with objects that are too long during the transfer of data from the online platform.

The University of Salento declines any responsibility in those cases in which the Applicant proceeds to the transmission of the documents without following the instructions above in the naming of the attached files.

COMPLETING THE ONLINE REGISTRATION PROCEDURE

Finanziato
dall'Unione europea
NextGenerationEU

UNIVERSITÀ
DEL SALENTO

The online registration procedure terminates with the printing out from the student portal of the receipt of the application for admission to the competitive selection procedure.

Once the Applicant has printed out the “admission test application”, upon completion of the online procedure, he or she can consider that his or her application to participate in the competitive selection procedure has been correctly completed.

With the online submission of the application the Applicant:

- assumes personal responsibility, pursuant to article 46 and 47 of DPR (presidential decree) 445/2000, regarding the declarations he or she has made and the files attached to the online application, in full awareness of the criminal penalties deriving from false statements and / or false declarations;
- examines the methods of processing of his or her personal data.

N.B. Applicants are invited to submit their application to participate in the competitive selection procedure well in advance of the date (and time) of the deadline for submission of the application to avoid problems of various kinds that could jeopardize the successful outcome of the application transmission procedure.

Indeed, near the expiry time, because of overload due to the high number of users who are completing the online procedure, the system may be subject to slowing down.

It is possible to apply for more than one Ph.D. research course; in which case, the Applicant will have to complete more than one online application for each competitive selection procedure for which he / she intends to participate.

Each candidate may submit **only one research project** for each PhD course for which he / she is applying.

If the Applicant foresees that they will obtain a qualification **by the deadline for registering for the course**, he / she must expressly indicate this fact in the application by filling in the section regarding qualifications for admission with the insertion of the “titolo in ipotesi” (“hypothetical qualification”). In such a case, the Applicant will be admitted to the competitive selection procedure “con riserva” (conditionally).

In order to be constantly updated on news regarding this call for applications, the Applicant can subscribe to the RSS feed associated with the web page of the competitive selection procedure, by clicking on the icon labelled “Sottoscrivi Rss” (“Subscribe to RSS feed”) on the page of the call for applications on the University of Salento website and adding it to his or her own RSS reader.

Article 4) Documents to be submitted

Together with the application for participation in the competitive selection procedure, completed online, the Applicant should attach the files containing:

1. a valid identity document;

Finanziato
dall'Unione europea
NextGenerationEU

UNIVERSITÀ
DEL SALENTO

2. a curriculum vitae containing, among other things, reference to a telephone number and an email address that may be used for all subsequent official communications related to the competitive selection procedure;

3. information relating to the Applicant's completed studies (self-certification or photocopy of a transcript of records indicating the exams taken and the marks obtained on the occasion of the attainment of a three-year, specialist, or Master's degree or a degree of the Vecchio Ordinamento -- an Italian degree of the format before the Bologna Process reforms), with the indication of the **relative average** of marks and of the total duration of the Ph.D. research course in question; students who have not yet completed their degree will be assessed on the basis of the average marks obtained in the exams up to the moment of submission of the application for participation in the competitive selection process;

4. documentation certifying that the Applicant meets the qualifications / experience / activities indicated by the individual Ph.D. research course descriptions attached to this call for applications, which the Applicant possesses and desires to be evaluated by the Admissions Board;

5. your research project (which must be presented together with the application for participation in the competitive selection procedure). These candidates will be evaluated, as far as the first test is concerned, on the research project presented and therefore will not take the written test. Each candidate may submit only one research project for each PhD course for which he / she is applying;

6. the indication of the e-mail address that the Selection Board of the competition will use for the creation of the group on the MICROSOFT TEAMS platform for the invitation to candidates for the interview.

With the application to participate in the competition, each candidate automatically **participates in the general positions announced** without the need to make this choice in the telematic platform and can request to participate, in addition, up to two specific research thematic places among those that may be announced for each PhD course.

The online application is to be considered, for all legal purposes, as an act of self certification of personal data, of the declared qualifications and the statements made as well as of the attached research project (where one is required) and therefore, with the presentation of the online application, the Applicant assumes personal responsibility, pursuant to articles 46 and 47 of DPR (presidential decree) 445/2000, regarding the declarations he or she has made and the files attached to the online application, in full awareness of the criminal penalties deriving from false statements and / or false declarations.

Article 5) Supplementation/ correction of the application

The application form may be corrected /supplemented exclusively by electronic means within the deadline for submitting the electronic application indicated in the previous art. 3.

Finanziato
dall'Unione europea
NextGenerationEU

UNIVERSITÀ
DEL SALENTO

In order to modify/supplement the application, the applicant must access again the website studenti.unisalento.it and click on "MENU" by selecting "ADMISSION TEST/CONCORSI". So he/she may select the competition for which he/she wants to modify the application from "LISTA CONCORSI A CUI SI E' ISCRITTI". Then it must click on "PROCEED WITH ADMISSION" and finally on "COMPLETA IL PROCESSO SELEZIONATO" at the bottom of the page.

Thus the applicant may access again the submitted application and proceed to replace, delete or add further documents. At the end of the modifications, the applicant will have to transmit the new application form that will automatically replace the previous one already sent. **The new application generated by the system will permanently cancel the previous one;** so it is recommended to check the correctness and completeness of the documents attached to the last application submitted.

Article 6) Applicants with a qualification awarded by a university outside Italy

Applicants who are in possession of a degree awarded by a university outside Italy which has not yet been declared as equivalent to an Italian degree on the basis of international agreements, must accompany the application form with the following documents:

- Certification of the foreign qualification, together with a translation into Italian or English to be included in the "altri titoli" (other qualifications) of the online application; it must include explicit indication of the university exams taken and grades obtained.

The Admissions Board appointed for admission to the Ph.D. research course will, on the basis of the documentation attached by the Applicant, ascertain the eligibility of the foreign qualification for admission to the Course, "in accordance with current legislation in Italy and in the country where it was awarded and with international treaties or agreements concerning the recognition of qualifications for further education."

In case of admission to the Ph.D., successful Applicants in possession of such qualifications awarded outside Italy must submit, within ninety (90) days from the date of registration, the following documentation:

- certificates and diplomas translated and legalized by the competent Italian diplomatic or consular representation abroad;
- declaration of value of the foreign qualification issued by the competent Italian diplomatic or consular representatives abroad.

Article 7) Responsibility

The University of Salento does not accept any liability in the event of loss of communications due to:

Finanziato

NextGenerationEU

UNIVERSITÀ
DEL SALENTO

- incorrect information about the residence or the address of the Applicant;
- an Applicant's failure or delay in notifying it of a change of address;
- or technical problems attributable to the email address indicated by the Applicant.

Disabled Applicants, recognized under Italian Law no. 104 of 5 February 1992, must explicitly request in their application form the required support, in relation to their disability, as well as give notification of the possible need for additional time for the completion of the admissions tests.

Article 8) Exclusion

The following applications will be automatically excluded:

- a) applications made and / or received in a manner or timing not in accordance with that specified in article 3 above of this call for applications;
- b) applications from Applicants who do not possess the specific qualifications indicated in the Ph.D. research course descriptions in the appendix to the call for applications or who do not obtain them within the deadline set by the previous art. 2;
- c) applications without a research project, which must be attached when submitting the application form within the deadline specified in article 3 of this call for applications;
- d) to be attached electronically already at the time of submitting the application for participation in the terms referred to in the previous Article 3, for all PhD courses;
- e) applications that lack a copy of a valid identity document, which must be uploaded when submitting the online application form.

Any supplementations or corrections to the application not made according to the provisions of Article 5 of this call for applications or made after the deadline has passed, will not be considered valid.

Failure to provide a curriculum vitae or failure to indicate the university exams taken (with relative average marks) or other qualifications assessed by the Admissions Board, indicated in the relevant Ph.D. research course descriptions, will prevent the Admissions Board from being able to assign any mark under the heading "TITOLI" (qualifications).

In the case of those Applicants who, on the date of application for admission to the competitive selection procedure, are not yet in possession of the degree required to take part in the competitive selection procedure, the Admissions Board may decide to evaluate this qualification, as an alternative to the final degree mark, on the basis of the average mark of the exams sustained in the second level degree course, on the basis of a correspondence criterion that shall be established beforehand.

Likewise, the Admissions Board must establish correspondence criterion in advance with regard to the evaluation of the degree mark obtained abroad by an Applicant.

Article 9) Procedure for competitive selection of Applicants

The competitive selection of Applicants will be carried out according to the timetable published on the University of Salento website for each of the competitive selection procedures (see attachments A-N), at the following link "Bandi e Concorsi/Concorsi/Ricerca/Bandi per Dottorati di Ricerca".

If impediments of any kind do not permit the respect of the examination schedule as indicated in the previous paragraph, the University of Salento will publish a notice with all the necessary changes, **within three days prior to the date set for the test.**

This notice will be published exclusively on the website of the University of Salento at www.unisalento.it in the "News" section and the dedicated section "Dottorati di Ricerca / Bandi per Dottorati di Ricerca", accessible from the page <https://www.unisalento.it/didattica/dottorati>

Both will be considered as official notification to Applicants.

A) DOCTORAL COURSES FOR WHICH THE INTERVIEW FACE TO FACE IS PROVIDED

As reported in the PhD Programs attached to this call for applications, the interview will take place face to face for the following PhD courses:

- Human and Social Sciences;
- Mathematics and Computer Science;
- Cultural Heritage Sciences;

For the hypothesis of an interview foreseen in presence, art. 14, paragraph 8, of the Unisalento Doctoral Course Regulations, as supplemented by resolution of the Board of Governors no. 94, dated 30.05.2023, establishes that:

"Candidates residing or domiciled abroad (or who, in any case, can prove, giving adequate reasons, that they are engaged abroad on the date scheduled for the interview) or who prove, by attaching appropriate medical documentation, that they are unable to reach the location fixed for the interview due to physical problems, may be admitted, upon request, to take the interview remotely. The request to take the interview remotely must be made by the candidate within the deadline specified in the application notice".

The request to take the interview remotely for PhD courses for which the "face-to-face" interview procedure is envisaged must be made by the candidate **no later than four days prior to the date of the interview**, by forwarding the 'attached form (Ann. 4) to the PEC address protocollo@unisalento.it and, for information, to the person in charge of the procedure indicated in the Course form attached to the announcement.

B) DOCTORAL COURSES FOR WHICH THE INTERVIEW REMOTELY IS PROVIDED

The interview will take place exclusively online for the following PhD courses:

- Law and Sustainability;
- Philosophy: Forms and History of Philosophical Knowledge;
- Physics and Nanosciences;
- Material, Structure and Nanotechnology engineering;
- Engineering of complex systems;
- Languages, Literatures and Cultures and their applications;
- Nanotechnology;
- Digital Transformation and Sustainability. Firms and public Administrations in the global Economy.
- Biological and Environmental Sciences and Technologies.

For these Courses, candidates must already indicate a valid Microsoft Teams account in the application form (annex 2).

Candidates who must take the interview electronically (all, for the Courses listed in the hypothesis referred to in point B) or only those who are entitled and request it (in the hypothesis referred to in point A), are required, in the "hypothesis for admission to the interview:

- to install the software of the MICROSOFT TEAMS platform;
- to connect, on the day and at the time set by the Commission, to their account indicated in the application form in response to the invitation received from the Commission;
- to allow the Commission, before the start of the interview, to identify, by showing the same document already sent, in copy, as an attachment to the application and to use a webcam during the interview.

Failure to connect, the unavailability of the candidate on the day and at the established time or failure to show a valid identity document constitute grounds for exclusion from the selection procedure.

All candidates are admitted to the competition subject to ascertaining that they meet the admission requirements. The Administration may decide at any time, up to the approval of the ranking, the exclusion from the competition for lack of the prescribed requirements.

If the reasons for the exclusion pursuant to this article are ascertained after the completion of the competition, the Rector with his own decree orders the forfeiture of any right resulting from participation in the competition.

The University of Salento reserves the right to carry out sample checks in accordance with the provisions of art. 71 and following of the Presidential Decree n. 445 of December 28, 2000.

Assessment of applications will be carried out by a single Admissions Board for each Ph.D. research course that will be appointed by the Rector of the University of Salento and composed of between three and five members, proposed by the Ph.D. research course's Academic Board, from among professors and researchers in the relevant Ph.D. research course's subject area. No member may participate

in admission committees for the same PhD course for which he or she was a member in the previous cycle (38th cycle) nor will he or she be able to be subsequently part of final exam adjudicating boards that evaluate the thesis Ph.D. students for whom they were on the Admissions Board. By means of the decree appointing the Admissions Board, the Rector also appoints two professors proposed by the relevant Ph.D. research course's Academic Board as substitutes for the effective members in the event of one or more of them being incapacitated or absent.

The Ph.D. research course Academic Board can propose, in addition to the components indicated above, no more than two experts, including those from abroad, chosen from public and private research bodies and institutions.

In such a case, the experts enter the Admissions Board as full members.

In the event of incapacitation, withdrawal or absence of one or more effective members of the Admissions Board, at any stage of the competitive selection procedure, the coordinator shall make the necessary replacements, based on the names of the substitutes specified in the Rector's decree nominating the Admissions Board, taking into account, where possible, the scientific affinity between the member being replaced and his or her substitute.

The competitive selection procedure to the Ph.D. research course and the corresponding marks that may be awarded are indicated in the Ph.D. research course descriptions (attachments A to N of this call for applications).

The competitive selection procedure will aim to determine not only the knowledge acquired with reference to the research areas of the Ph.D. research course, but also to determine the scientific maturity, flexibility, aptitude, motivation and resourcefulness of the Applicant in the face of possibly new areas of research.

The competitive selection procedure will be carried out, pursuant to article 12 of the University Regulations on Ph.D. research courses (D.R. n. 433/2022) by:

- a) the assessment of qualifications (curriculum, university training course, professional experience and research);
- b) the assessment of a written test or a research project, depending on the provisions of the individual Ph.D. research course descriptions.
- c) an interview (viva voce) aimed at verifying the Applicant's knowledge and aptitude in research regarding the themes of the Ph.D. and research course in the specific themes indicated in the call in the event that the candidate has also opted for specific themes, where present (max 45 pp.), as specified in detail in the individual course sheets.

Applicants are admitted to the interview only if they obtain a mark of at least 30/100 in the assessment of the research project.

The communication of the results of the assessment of the first stage (research project) will be as specified in the Ph.D. research course descriptions, attached to this call for applications, and which is an integral part of said (attachments A to N).

In the event that a Applicant has submitted an application for a position on a Ph.D. research course with a grant/scholarship subject to a specific research theme, as well as for a general position on a Ph.D. research course, the interview will be both on the general issues as well as on the specific theme and will therefore be carried out separately.

In the case of applicants who have submitted an application for a position on a Ph.D. research course with a grant/scholarship subject to a specific research theme, as well as for a general position on a Ph.D. research course, the Ph.D. research course Academic Board may award the research project (which must in all cases be the same) distinct and separate marks within the framework of the separate lists for which the candidate is applying.

The third test (interview) will be carried out separately, preferably at the same location and on the same date, for the general position on a Ph.D. research course and for a Ph.D. research course on a specific research theme indicated by the Applicant, according to the procedures described in the preceding paragraph and will give rise to distinct and separate marks.

The Applicant will pass the interview stage only if he or she achieves a mark of at **least 30/100**. Failing this, the he or she will not be admitted to the final rankings and consequently will not be in competition for the allocation of positions.

At the end of the various selection tests, the Admissions Board will draw up a separate list for each type of position (general research positions on the one hand, and positions subject to a specific research theme on the other) totalling for each type the marks awarded to each Applicant in the three different stages of the competitive selection procedure (i.e. research project, qualifications and interview).

Applicants who have opted to compete for positions on both general Ph.D. research Courses and on Ph.D. research course (one or two positions) with a grant/scholarship subject to a specific research theme and have completed all the stages of the competitive selection procedure successfully will be included, subject to the conditions referred to in the previous paragraph, in the two separate rankings with the relative marks. Applicants who have not obtained a grade of at least 60/100 in the ranking for the positions on a general Ph.D. research Course shall not be included in the rankings for the positions on Ph.D. research courses with a specific research theme.

In the event that the same Applicant is the Winning Applicant, at the same time, of a position on a Ph.D. research course with a general themes with a grant/scholarship and a position on a Ph.D. research course with a grant/scholarship subject to a specific research theme, then the University of Salento will proceed to give him/her the position on the Ph.D. research course with the specific research theme.

In the event that the winner is the winner of two places on a specific topic, he / she must proceed to opt for the chosen one no later than 5 days from the date of publication of the ranking in the online University Register.

The Winning Applicant for a position on a Ph.D. research course with a general theme who is already enrolled on the Course will be required to accept the position on a Ph.D. research course with a specific theme with a grant/scholarship, if those above him or her in the ranking renounce the offered position.

Grants/Scholarships for specific research themes will not be awarded if there are no Winning Applicants for the relevant Ph.D. research course with a specific theme.

General Positions on Ph.D. research courses, with or without a grant, and positions on a Ph.D. research course with a grant/scholarship subject to a specific research theme will be awarded by Rector's decree to Applicants who are at the top their rankings up to the number of positions available for each Course, based on the principles and according to the procedures described above.

For those Ph.D. research courses that provide positions (with or without scholarship) reserved for Applicants who have graduated abroad, in the event that nobody who graduated abroad qualifies, the University of Salento will proceed, pursuant to the combined provisions of the article 8, paragraph 2, penultimate period of the D.M. (ministerial decree) no. 45/2013 and paragraphs 4 and with paragraph 1 of the same article 8 to assign the reserved place to the ordinary ranking of suitable Applicants.

If two or more Applicants are awarded the same final mark, the youngest Applicant has precedence in accordance with article 2, paragraph 9, of Italian Law no. 191/98.

Where a grant must also be awarded, however, the following criterion is applied: article 7, fourth paragraph of D.M. n. 224/99, namely the assessment of the Applicant's financial situation. In case of a tie, therefore, the scholarship will be awarded to the Winning Applicant in possession of a lower ISEE (level of income).

The rankings will be approved by the Rector by decree and published at www.unisalento.it in the "Dottorati di Ricerca" (Ph.D.) section via the link "Bandi e Concorsi" (Calls and Competitive Selection), as well as the in online section of the "Albo" (official register), which will be considered as official notification to Applicants.

This Administration will not send individual messages to interested parties considering the publication of the rankings in the forms and in the manner described above.

The number of places and scholarships announced with the aforementioned provision may be subject to a subsequent extension as a result of the participation of the University in competitive tenders, public notices issued by public or private entities or funding from private entities.

The procedures for assigning any and additional additional scholarships will be made on the basis of the rules contained in the same calls in which the University will participate, using, in the absence of indications to the contrary contained in the aforementioned calls, the general ranking of the competitions for admission to the 39th cycle of the research doctorate courses referred to in this announcement.

Article 10 - Enrollment on the Ph.D. research course

All winning Applicants admitted to the Ph.D. research course are required, under penalty of forfeiture, to proceed with online registration to the same, **within 10 days of the date of publication of the rankings on the University website www.unisalento.it in the section dedicated to “Dottorati di Ricerca” (Ph.D.) via the link *Bandi e Concorsi* (Calls and Competitive Selection), and in the online *Albo* (Official register)**, following the procedures that will be indicated in a special document that will be published together with the decree approving the workings of the Admissions Board.

To enrol on the course all Winning Applicants (including Winners of grants/scholarships) will also have to pay, **within the peremptory term of 15 days of the date of publication of the rankings on the University website www.unisalento.it in the section dedicated to “Dottorati di Ricerca” (Ph.D.) via the link *Bandi e Concorsi* (Calls and Competitive Selection), and in the online *Albo* (Official register)**, in a single payment the Puglian (Apulian) regional tax for “diritto allo studio” (Right to Education).

Winning Applicants will not be contacted individually.

The deadline indicated in the previous paragraph (term of 15 days) is the last within which to have obtained the qualification in the case of candidates who have submitted an application with reserve.

Winner Applicants who fail to register for the first year within the time limits indicated above will be considered to have tacitly renounced their position.

The University of Salento at any time of the procedure and also after the start of the Ph.D. research course, may carry out targeted and random checks, under article DPR 71 (presidential decree) no.445 of 28 December 2000, regarding the information and declarations produced by the Applicants, regarding the validity of the documents attached by the Applicants to the online application and it may also request the original of the aforementioned documents.

The University of Salento can decide at any time, with appropriate motivation, to exclude Applicants from the competitive selection procedure due to an absence of the requisites required by the call for applications.

Art. 11) Renunciations and Scrolling of the Rankings

In the event of renunciation or withdrawal by the Winning Applicant for a position (with or without grant) the position that has become available will be assigned by Rector's decree according to the order of the rankings.

In case of scrolling, the succeeding winners will have a period of 5 days from the individual notification of the scrolling to proceed with the acceptance of the relevant place.

The deadline for proceeding with the scrolling of the ranking is of 90 days from the start date of the course, with the exception of the hypothesis of additional places with scholarship funded by external bodies or resulting from the participation of the University in selective procedures.

Article 12) Grants, rights and obligations of Ph.D. students

Successful winning Applicants must also declare in their applications:

- that they have not previously received any other grants/scholarships for the attendance of a Ph.D. research course;
- that they will undertake not to cumulate the amount of the grant/scholarship with any other grant/scholarship for any reason whatsoever, except with those explicitly granted, in addition to the Ph.D. research course grant/scholarship, by national or international institutions to allow training or research abroad or anywhere else away from the seat of the Ph.D. research course;

Scholarships will last one year and shall be renewed provided that the student has completed the course of activities for the previous year, subject to the obligation to disburse the grant/scholarship after passing the evaluation to be carried out by the Academic Board by September 31st of each academic year.

The confirmation of the grant/scholarship for the years subsequent to the first is done by formal resolution of the Academic Board of the Ph.D. research course in question.

A negative judgment on the part of the Academic Board will result in the forfeiture of the doctorate.

The amount of the grant is determined by the Ministry of Education, Universities and Research (MIUR) n. 247 on February.

This amount may be adjusted with any increase envisaged by law and by ministerial norms and regulations on the subject. The duration of the scholarship is equal to that of the Ph.D. research course (three years).

The scholarships funded by IIT are higher than the standard amount, established by the agreement signed with the Institute.

The grant is paid by means of monthly payments, in arrears.

The amount of the scholarship is increased by 50% for any periods of residence abroad, from a minimum of 20 consecutive days to a maximum of 12 months, except as provided for in the case of special agreements.

The Ph.D. research course has a duration of three years.

Students are required to attend the courses and carry out the teaching, study and research activities envisaged by the Academic Board and to present, at the end of each year of said course, to the Academic Board, a report on the research activity carried out and the results achieved, in the terms and in the manner established by the Academic Board itself and on the basis of the indications contained in the

operational indications issued by the Rector with protocol no. 42975, on 03/27/2020.

The evaluation of the Ph.D. students' activities must be carried out by the Academic Board at least once a year, generally within 30 days from the end of the Ph.D. research course year.

The presentation of the thesis for the final exam must take place within the deadline set by article 19 of the Ph.D. regulations currently in force. The Academic Board will submit the thesis to the assessors only in the event of a positive judgment granted to the candidate's course of studies and the achievement of the necessary ECTS in the three years of the course.

For anything not specified in this article about the rights and duties of Ph.D. students and the institution of the interruption, suspension, revocation or withdrawal from the Course, please refer to the provisions article 22 of the regulations in force regarding Ph.D. research courses issued by Rector's decree no. 433/2022.

Article 13) Exemption from contribution for accessing and attending the Course

All students enrolled in Ph.D. research courses are exempt from the payment of fees for access and attendance of the said courses with the exception of the regional tax provided for in the following article and the stamp duty required by law.

Art . 14) Regional tax for the Right to Education

All students enrolled in the Course of study will have to annually pay the amount of the regional tax for the Right to Education in accordance with the amounts set annually by the Puglia region Right to Education agency (ADISU) pursuant to art. 11 of Italian Regional Law (Puglia) 45/2012.

The amounts to be paid will vary on account of the student's ISEE (level of income) values at the time of enrolment:

Regional right-to-study tax	ISEE (level of income) values
€ 120,00	Students with ISEE equal or inferior to €23.000,00
€ 140,00	Students with ISEE between € 23.001,00 ed € 46.000,00
€ 160,00	Students with ISEE superior to € 46.000,00

In case of failure to indicate their ISEE value, the student will be liable to the highest level of regional tax (€ 160,00).

The amount of the regional tax for the Right to Education and the values for the ISEE bands may be subject to change according to regional regulations.

In such a case, further details will be communicated.

Article 15) Exemption for Ph.D. students with disabilities

Specific forms of total or partial exemption from the payment of taxes and / or contributions for disabled students are envisaged, both with a degree of disability, following the Italian scale of disability, equal to or greater than 66%, and with disability between 31% and 65%.

Students with a recognized disability equal to or greater than 66% are exempt from paying taxes and contributions.

Students with disabilities between 31% and 65% benefit from a partial exemption from the registration fee with linear application until it is zeroed for percentages greater than or equal to 65%.

Art. 16) Intellectual property of research results and publications

Without prejudice to the Italian copyright law (Legislative Decree 633/1941 and subsequent modifications), The intellectual and industrial property rights regarding the results achieved by the PhD student, including, by way of example and not limited to, software, industrial inventions, whether patentable or not, know-how, models, data and data collections, are regulated in accordance with the current legislation and the University regulations and, possibly, on the basis of what is established in the individual agreements with the universities, companies or entities involved.

Article 17) Procedure for attaining a “Dottorato di ricerca”

The procedures relating to the presentation of the Ph.D. thesis and the appointment of the Evaluators and Final Examination Board are contained in the guidelines for the conferment of the title of “Dottorato di ricerca” attached to the D.R. (Rector's decree) n. 105, on 02/21/2017.

The timing of the presentation of the doctoral thesis is instead fixed by article 19, third paragraph of the current Ph.D. research course regulations issued by Rector's decree n. 433/2022.

Article 18) Final Thesis

Ph.D. theses must be in digital format in order to allow their filing, as required by law at the National Libraries of Rome and Florence and at the University of Salento open-access institutional archive if it is already active and available.

The conferment of the certificate of attainment of the title of “Dottorato di Ricerca” is dependent on the depositing, by the interested party, of the final thesis in the University of Salento open-access institutional archive which will guarantee its preservation and availability for public consultation and which will deposit the said thesis, as required by law, at the National Libraries of Rome and Florence.

Article 19) Accessibility of Ph.D. theses

Accessibility to the Ph.D. thesis in the University of Salento open-access institutional archive may be subject to restrictions, for the following reasons:

- a) parts of the thesis have already been submitted to a publisher or are awaiting publication;
- b) the thesis contains sensitive content data (article 4 of decree n. 196, June 30, 2003);
- c) the thesis is financed by external entities that have rights over it and over its publication;
- d) parts of the thesis have been discussed at a date that is earlier than the discussion and thus subject to patent protection;

In the cases referred to in letter b), the thesis will only be made available if it is possible to make the data anonymous.

As for the other cases, there could be a 12-month suspension of free access, but only after the Academic Board has expressed its approval and following a reasoned request on the part of the student countersigned by his/her tutor.

The suspension of free access can be extended, with a similar procedure, for a further 6 months. Any request for a longer suspension period, in any case not exceeding three years, in exceptional and duly justified cases will be evaluated by the Rector.

At the end of the suspension period, the thesis will however be made freely available for consultation.

Article 20) Reference Regulations

Those matters which are not covered by this call for applications are subject to the rules laid down in the University Regulations for the establishment and organization of Ph.D. research courses (DR. Rectors decree no. 433/2022).

The following applies to public employees enrolled in the Ph.D. research courses: article 2, paragraph 1, of Italian Law no. 476/84 as recently amended with Italian Law n. 240/2010.

This call for applications contains an English translation that cannot be used for legal purposes and is exclusively designed to assist foreign Applicants.

Article 21) Privacy policy

Article 13 of Italian Law no. 196 (30 June 2003) establishes that the personal data provided by the Applicants to the University of Salento at the time of application shall be used exclusively for institutional purposes and for the completion of any inherent procedures conducted by the persons carrying out the competitive selection procedure, also by the Admissions Board (at the University of Salento, Ufficio Master e Dottorati), even with the use of computerized procedures, in the manner and within the limits required for the above purposes, even in the event of any communication to third parties pursuant to current national and EU

Borse a tematica vincolata

Le tematiche di ricerca del Corso si riassumono in:

- materiali per applicazioni in ingegneria civile e ambientale;
- conservazione/Recupero di Strutture esistenti anche a carattere monumentale;
- sicurezza strutturale in relazione a rischi naturali ed antropici;
- materiali e tecniche di analisi per applicazioni nei beni culturali (archeologici, storico-artistici e architettonici);
- materiali polimerici, compositi e ceramici per applicazioni industriali, aeronautiche e biomedicali;
- materiali nano-strutturati caratterizzati da specifiche funzionalità sia per applicazioni industriali, per applicazioni biomediche e dei beni culturali;
- sensoristica avanzata per il monitoraggio di costruzioni civili;
- sensoristica avanzata per applicazioni biomedicali;
- analisi sperimentale di strutture civili in condizioni operative e monitoraggio strutturale;
- materiali avanzati per la produzione di energia, la sensoristica e la catalisi;
- materiali semiconduttori e nanotecnologie per l'elettronica ed il fotovoltaico;
- materiali ingegnerizzati da risorse rinnovabili
- superfici intelligenti e nanotribologia.

A) Tematica vincolata: n. 5 borse IIT

Le borse di studio finanziate da IIT (n. 5) prevedono lo svolgimento della ricerca su tematica vincolata inerente i seguenti argomenti:

- neurotecnologie
- tecnologie fotoniche per il cervello e per il corpo
- optogenetica;
- dispositivi elettronici impiantabili ed ingeribili
- dispositivi indossabili ed elettronica su pelle per monitoraggio salute;
- litografie a due fotoni per trattamento dei materiali e nanostrutturazione;
- data science e data analytics basata su intelligenza artificiale e deep learning per technology design.

Per le borse di studio finanziate da IIT, il progetto di ricerca avviene in collaborazione con il Finanziatore. Sono previsti periodi di permanenza presso il suo "Center for Biomolecular Nanotechnologies", con sede ad Arnesano (LE).

B) Tematica vincolata: n. 1 borsa finanziata da ENEA

La borsa di studio finanziata da ENEA prevede lo svolgimento della ricerca su tematica vincolata inerente i seguenti argomenti:

- Ricerca e sviluppo di serbatoi per idrogeno con materiali compositi e processi innovativi.
- Per la borsa di studio finanziata da ENEA, il progetto di ricerca avviene in collaborazione con il Finanziatore. Sono previsti periodi di permanenza presso ENEA (sede di Brindisi) e CETMA.

C) Tematica vincolata a valere sul D.M. n. 117 (Investimento 3.3): n. 5 borse co-finanziate dalle imprese, sulle seguenti tematiche e condizioni:

1. Sviluppo di armature in composito a basso impatto ambientale per il rinforzo strutturale - **N. 1 borsa co-finanziata da Fibre Net S.p.A.**
(sono richiesti 6 mesi all'estero e fino ad un massimo di 18 mesi in impresa)
2. Modellazione di superfici di tipo intelligente, che facciano uso di approcci di biomimetica al fine di controllare le caratteristiche di attrito, usura, adesione e wetting, lubrificazione, anche in-operando, attraverso la funzionalizzazione topografica ed infiltrazione multiscala di lubrificante - **N. 1 borsa co-finanziata da Freudenberg Technology Innovation SE Co.Kg**
(sono richiesti 6 mesi all'estero e fino ad un massimo di 18 mesi in impresa)
3. Design, sviluppo e caratterizzazione di coating superidrofobici/ghiacciofobici per applicazioni aeronautiche da utilizzare come sistema passivo di protezione dal ghiaccio sui velivoli di nuova generazione al fine di ridurre il consumo energetico - **N. 1 borsa co-finanziata da CIRA ScPA**
(sono richiesti 6 mesi all'estero e fino ad un massimo di 18 mesi in impresa)
4. Sviluppo di metodologie di virtual testing per la caratterizzazione dei materiali compositi a matrice ceramica (CMC) per applicazioni aerospaziali ed

identificazione di criteri di progettazione - **N. 1 borsa co-finanziata da CIRA ScPA**
(sono richiesti 6 mesi all'estero e fino ad un massimo di 18 mesi in impresa)

L'assegnazione delle borse tematiche a valere sul D.M. n. 117 ai vincitori con l'indicazione dell'azienda co-finanziatrice e della tematica di riferimento sarà effettuata dal Collegio dei docenti, sentiti i vincitori nell'ordine della graduatoria vincolata approvata dal Rettore.

D) Tematica vincolata di cui a valere sul DM 118 – PNRR generico (Investimento 4.1): n. 2, con vincolo di 6 mesi all'estero

Le borse dovranno svolgersi su una delle seguenti macrotematiche:

- Sviluppo di materiali bio-based e biodegradabili per stampa 3D.
- Sviluppo di biomateriali, dispositivi medici e scaffolds per la rigenerazione di tessuti.

L'assegnazione della tematica di riferimento per le n. 2 borse a valere sul D.M. n. 118/2023 sarà effettuata dal Collegio dei docenti, sentiti i vincitori nell'ordine della graduatoria vincolata approvata dal Rettore.

E) Tematica vincolata: n. 1 borsa a valere sul PNRR – Centro Nazionale per la Mobilità Sostenibile - Decreto Direttoriale n.3138 del 16-12-2021. Codice identificativo: CN0000023. CUP: F83C22000720001 - Avviso pubblico per presentazione Proposte di intervento per il Potenziamento di strutture di ricerca e creazione di "campioni nazionali" di R&S su alcune Key Enabling Technologies da finanziare nell'ambito del Piano Nazionale di Ripresa e Resilienza, sulle seguenti tematiche e condizioni:

La ricerca sarà svolta nell'ambito delle attività del Centro Nazionale per la Mobilità Sostenibile – CNMS, e in particolare nell'ambito dello Spoke 7 – CCAM, Connected Networks and Smart Infrastructures.

La ricerca riguarderà prioritariamente i seguenti ambiti:

research topics*

-Individuazione dei parametri per la definizione di indici di danno e/o degrado di infrastrutture;
-Test di laboratorio, con lo scopo di approfondire i fenomeni di degrado delle infrastrutture e formulare modelli analitici da implementare in analisi avanzate.
-Sviluppo di una piattaforma digitale interoperabile in ambiente BIM per la generazione di digital twin di infrastrutture;
- Valutazione della durabilità e/o della sicurezza strutturale e funzionale delle infrastrutture basata su formulazioni semplificate di stima delle perdite e di previsione del degrado/danno;
-Sviluppo e adozione di un nuovo modello di manutenzione predittiva

The value of scholarships based on agreements or projects corresponds to the amount indicated by Ministerial Decree no. 247/2022 and is therefore equivalent to that of the scholarships advertised on University funds, with the sole exception of the scholarship financed by IIT, the increased amount of which is indicated in the agreement.

Candidates interested in positions with specific topics (included in 5 thematic areas that group grants on similar research topics, from A) to E)) must declare their interest in a maximum of 2 of the 5 areas indicated in the application.

Research Topics of the course

Candidates competing for positions with a restricted subject will be included both in the general ranking and in the separate rankings relating to the chosen subject areas.

The assignment to each winner of the individual thematic scholarships within the various Areas will be carried out by the Academic Board, having heard the suitable candidates placed in a useful position in the separate ranking for the indicated thematic area, in the order established by the same.

If the candidate is the winner at the same time, within the same PhD course, of a scholarship in the general topic ranking and a restricted topic scholarship, he/she will have to accept the restricted topic scholarship for which he has voluntarily applied.

Should the candidate be the winner, within the same PhD course, of two scholarships on restricted topics, he will have 5 days from the date of publication in the online Register of the approval decree to exercise the option between the two positions.

Research activities of the PhD program:

- materials for civil and environmental engineering;

- conservation and restoration of existing Structures including monumental Constructions;
- structural safety in relation to natural and anthropic risks;
- materials and analytical techniques for cultural heritages (archeological, historical, artistic, architectural);
- polymer, ceramic and composite materials for industrial, aeronautic and biomedical applications;
- nano-structured materials characterized by specific functional properties for industrial and biomedical applications and for cultural heritages;
- advanced sensors for monitoring of civil structures;
- advanced sensor for biomedical applications;
- experimental operational analysis of civil structures and structural health monitoring;
- advanced materials for the production of energy, sensors, and catalysis;
- semiconducting materials and nanotechnologies for electronics and photovoltaic;
- engineered materials from renewable resources.
- Smart surfaces and nanotribology.

Constrained topic A)

The research scholarship supported by IIT (n. 5) are constrained to the following topics:

- Neurotechnologies;
- Photonics for the brain and the body;
- Optogenetics;
- Implantable and edible electronic devices;
- Wearable devices and epidermal electronics for health monitoring;
- Two-photon lithography for material processing and nanofabrication.
- AI and deep learning applied to data science and data analytics for technology design.

For scholarships funded by IIT, research projects take place in close collaboration with IIT. Research activities will be also performed at the “Center for Biomolecular Nanotechnologies”, in Arnesano (Lecce).

Constrained topic B)

The research scholarship supported by ENEA (n. 1) is constrained to the following topics:

Research and development of hydrogen tanks manufactured using composite materials and innovative processes.

For the scholarship financed by ENEA (Brindisi), the research project takes place in collaboration with the Lender. Periods of stay at ENEA and CETMA are foreseen.

Constrained topic C)

The research scholarships (n. 5) are constrained to the following topics and conditions:

1. Low environmental impact fibre-polymer composites for structural reinforcement. 6 months abroad and up to 18 months in the company **Fibre Net S.p.A.** are required.
2. Modelling of smart surfaces, recurring to biomimetic design, to actively control friction, wear, adhesion and wetting, lubrication, thanks to the surface nano-/micro-texturing and lubricant multiscale infiltration. N. 1 scholarship. Six months abroad and up to 18 months in the company **Freudenberg Technology Innovation SE Co.Kg** are required.
3. Design, development, and characterization of superhydrophobic coatings for aeronautical applications to be used as a passive ice protection system on new-generation aircraft in order to reduce their energy consumption. Six months abroad and up to 18 months in the company **CIRA ScPA.** are required.
4. Development of virtual testing methodologies for the characterization of ceramic matrix composite materials (CMC) for aerospace applications and identification of design criteria. N. 1 scholarship. Six months abroad and up to 18 months in the company **CIRA ScPA.** are required.
5. Development of innovative ultrasound devices for advanced diagnostic applications in the field of pathologies of the musculoskeletal system No. 1 scholarship. Six months abroad and up to 18 months in the company **ECHOLIGHT SPA** are required.

Constrained topic D)

This research scholarship (n. 2) requires 6 months abroad and is constrained to the following topics

The scholarship must take place on one of the following macro-themes:

- Development of bio-based and biodegradable materials for 3D printing.

	<p>- Development of Biomaterials, medical devices and scaffolds for tissue engineering.</p> <p style="text-align: center;"><u>Constrained topic E)</u></p> <p>The research scholarships (n. 1) are constrained to the following topics and conditions</p> <p>The research will be carried out in the context of the activities of the National Center for Sustainable Mobility - CNMS, and in particular in the context of Spoke 7 - CCAM, Connected Networks and Smart Infrastructures.</p> <p>The research will primarily concern the following areas:</p> <ul style="list-style-type: none"> - Identification of the parameters for the definition of indices related to the damage and/or degradation of infrastructures; -Laboratory tests, with the aim of investigating the phenomena of infrastructure degradation and formulating analytical models to be implemented in advanced analyses; -Development of a modular digital platform in a BIM environment for the generation of infrastructure digital twins; - Evaluation of the durability and/or structural and functional safety of infrastructures based on simplified formulations of loss estimation and degradation/damage prediction; -Development and adoption of a new predictive maintenance model

Selection procedures

Colloquio (max 45/100)

Il colloquio sarà volto per verificare la preparazione del candidato e l'attitudine alla ricerca su tematiche oggetto del dottorato.

Durante il colloquio sarà verificata la conoscenza della lingua inglese.

La verifica della lingua inglese per tutti i candidati prevede l'assegnazione di un punteggio pari **a 5/100** da ricomprendersi nel punteggio massimo conseguibile al colloquio. Il colloquio si considera utilmente superato ove il candidato riporti un punteggio pari ad almeno 30/100.

Assessment of qualifications, research project and an interview

Assessment of qualifications (maximum points 10/100). The score will be awarded as following

- up to 5 points for mark at Master Degree or equivalent Degrees;
- up to 3 points for training courses and other qualifications;
- up to 2 points for international scientific publications relevant to the topics of the PhD Course.

The assessment of qualifications will be carried out after the evaluation of the research project, exclusively for candidates who have been admitted to the interview.

Research Project (maximum points 45/100)

The research project must be related to the topics of the PhD Course and it is recommended not to exceed 8 pages, including bibliographical references.

The score will be awarded as following:

- up to 15 points on the basis of the clarity and synthesis of the proposal;
- up to 15 points on the basis of the methodology used in the proposal;
- up to 15 points on the basis of the innovative character of the proposal.

The Candidates who have scored a minimum of 30 points in the project evaluation will be admitted to the interview.

Interview (maximum points 45/100)

The interview will be aimed at verifying the candidate's preparation and aptitude for research on topics covered by the PhD Course.

The interview will be in English to assess the English proficiency. The English proficiency will add a score of 5/100 points, included in the maximum score for the interview.

The interview will be considered passed if the candidate will report a score of at least 30/100 points.
